

## THE ICON COLLECTION

A collection of very limited quantities for the fine wine collector and connoisseur who understand the niche qualities of varieties blended with excellence and appreciate the full potential of careful cellaring.

## SING-A-WING SAUVIGNON BLANC 2023

An expression of sophistication, elegance, purity and complexity of terroir that holds one's attention. A reflection of nature in each glass. The grapes for this wine were sourced from our high lying Sauvignon Blanc vineyards situated at 620 metres above sea level. The exceptional delicate flavours of select parcels deemed them worthy of being released as Sing-a-Wing Sauvignon Blanc.

This wine tells the story of a loving couple and the term of endearment shared between them, Sing-a-Wing. The poem written by O.T.V. Senior to his wife, Margaret, on the occasion of their 25th wedding anniversary, is shared on the back label of this Sauvignon Blanc.

ORIGIN	Helderberg, Stellenbosch
ASPECT	South-West facing slopes
SOIL	Cumulic soils - Tukulu
ALTITUDE	470 m above sea level
PROXIMITY TO THE OCEAN	9 km from False Bay
VINTAGE CONDITIONS	A cool and wet ripening season meant little irrigation was necessary yet careful canopy management was required to avoid vigorous vineyard growth. Uneven budding was experienced on certain cultivars which was carefully managed, but some like Sauvignon Blanc thrived. Veraison was earlier than in the previous season, and was even due to our cool climate location. Precipitation during the ripening period delayed harvest and management of the accompanying disease pressure was necessary. Despite the challenging season, our well managed vineyards produced high-quality grapes.
OPTIMUM SERVING TEMPERATURE	12 – 14 °C

### TASTING NOTES

COLOUR	Clear
NOSE	A wine of elegance with laser focused minerality and seashell salinity. Beautifully pure aromas of white lily and freshly picked rose petals hinting at white chocolate ganache, mingle together with some green melon and riverstone.
PALATE	The palate is an exercise in ethereal minerality with perfect fruit weight, depth and texture. Tropical papaya with a firm spine of expressive zesty acidity entices amid a chalky structure through to the seamless mineral finish.
GRAPE VARIETY	Sauvignon Blanc
WINE ANALYSIS	Alcohol: 13.0 % RS: 2.02 g/litre TA: 6.37 g/litre pH: 3.27
